

Stop Plastic From Taking Over!

Take the NO MORE PLASTIC! Pledge. Make a promise that you'll stop using and buying plastics!

What!?!

NO MORE PLASTIC! means thinking before you buy! STOP buying products wrapped in plastic or delivered in plastic bottles, and STOP using plastic bags offered at stores you visit.

Why!?!

Plastic gets into the waterways and harms sea turtles, birds, and other animals. Plastic lasts for a really long time. If you throw a plastic bag or bottle into the trash, it's going to stay in a landfill forever—for thousands of years. If you recycle plastic, it can be used to make new plastics using up fewer natural resources.

So Bag the Bag

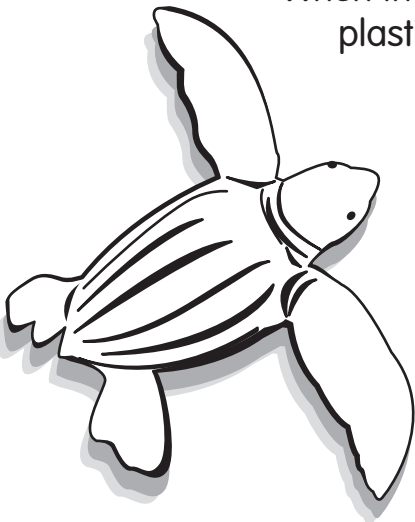

Plastic bags have been banned in several cities around the world. But don't wait for a ban, stop using them now! Bring your reusable bags with you when you shop for food, toys, school supplies, and well, everything!

Take the NO MORE PLASTIC! Pledge

I want to keep the leatherback sea turtles and all animals safe from plastic trash.

I _____ pledge that I will not buy or use products that contain or are delivered in plastic!

When there is no other option, I will always recycle, reuse, or throw the plastic in a trash container.
